#### ***Climate Church, Climate World: How People of Faith Must Work for Change***

*Climate Church, Climate World* argues that climate change is the greatest moral challenge humanity has ever faced. Hunger, refugees, poverty, inequality, deadly viruses, war—climate change multiplies all forms of global social injustice. Environmental leader Reverend Jim Antal presents a compelling case that it's time for the church to meet this moral challenge, just as the church addressed previous moral challenges. Antal calls for the church to embrace a new vocation so that future generations might live in harmony with God's creation.
