Dear friends,

Let me say “thank you so very much!” As we celebrate our 20th anniversary, we are really celebrating people like you who have supported this work throughout these 20 years. I am grateful to you for your time, talent and donations which have made this much-needed work possible. I want to tell you about what you’ve been doing all these years...

A COMPASSIONATE COMMITMENT...

Children in Villa Garcia, Mexico are being educated because Just-Faith graduates from Austin TX founded “Weavers of Hope.” This ministry is able to provide scholarships by purchasing weavings from the local community at Fair Trade prices. Learn more about their work at www.weaversofhope.com/about-woh

TO BUILD...

In order to provide poverty awareness and social justice education, a group of JFM program graduates in Des Moines, IA founded a nonprofit that serves as a local ecumenical social justice office. You can learn more about what they are doing at www.centerforsocialministry.org

A MORE JUST...

In order to increase public transportation access for low income families, a JustFaith group in Greenville, SC led an effort to petition their county council for the largest allotment of monies for public transportation in their county’s history.

AND PEACEFUL WORLD!

Thank you for making this difference in the world!

Blessings,
